Payment Terms & Commercial Disclosures:

1. **Mobilization Settlement:** Payment of this mobilization deposit (₦750,000) formally executes the Software Development Agreement and initiates immediate systems engineering, database provisioning, UI/UX asset builds, and module coding.
2. **Project Delivery Roadmap:** Four (4) weeks (twenty-eight [28] calendar days) from contract execution, structured across Core Architecture (Week 1), Booking, Chat & GIT Engine (Week 2), Gate-In Depletion Clock & Factoring (Week 3), and QA, Stress Testing & App Store Submissions (Week 4).
3. **Subsequent Milestone Payments:** Stage 2 (₦500,000) is due upon live deployment to Google Play Store and Apple App Store. Stage 3 (₦750,000) is due strictly after three (3) months of verified functional operational use post live deployment.
4. **12-Month Technical Support & Annual Retainer:** Developer provides twelve (12) months of complimentary ongoing technical support, server health surveillance, database integrity maintenance, defect resolution, and code adjustments where an existing feature requires optimization for operational efficiency. Following the 12-month period, continuing technical support is renewable at an annual retainer fee of ₦800,000 / year, payable in two equal installments (50% at the beginning of the year and 50% at the end of the year).
5. **Third-Party Infrastructure Fees:** Recurring third-party costs (Cloud VPS/hosting, Google Play developer account [$25 one-time], Apple Developer account [$99/year], SMS/WhatsApp OTP gateways, and insurance carrier API subscriptions) are funded directly by the Client at actual cost.
6. **100% Intellectual Property Ownership:** Upon receipt of full and final contractual settlement (₦2,000,000), 100% complete, unencumbered ownership of all custom source code, frontend and backend architectures, database schemas, and documentation shall vest exclusively in PROJECT54 ENTREPRENEURS.
